Studio One Arizona Dance Company employs a progressive system of learning technique. Students will be placed in the correct level according to their individual ability, muscle development, and maturity. Our levels are based on muscular development, flexibility, motor skills, focus, maturity and technical strength.

Placement: Studio One encourages you to register for classes based on the age and experience of the dancer. During the first four classes, the instructor will evaluate each dancer to make sure the class is appropriate in age, level, and maturity of the dancer. Studio One Faculty reserved the right to place the dancer in the appropriate higher or lower class. Certain classes labeled (COMPANY) are for our company dancers only. They are not open for registration.
